**POLICY****School profile**

Skye Primary School has been serving our local community since 1873. We started as a humble school providing education for just 26 students, to a school that has now grown to between 450 – 500 students.

Skye Primary School has been considered a semi-rural setting over the past years and are proud to have maintained our 'semi-rural feel' with the extensive housing development that has occurred around the school over the recent years.

We are proud of our school's physical environment and facilities. We boast extensive areas for our students to play, with a separate enclosed prep playground area, 2 junior playgrounds, 2 middle-senior school playgrounds, a football oval, a newly developed soccer field, a basketball court and hardcourt areas for play and a quiet sit-down area in our sails area. In 2022 our new buildings will be opened with a full-sized basketball stadium, a new art room and music room as well a state of the art library. Our school will have a new administration area and a welcoming entry area for visitors and parents.

Our architecturally designed buildings are airconditioned and provide modern facilities necessary to provide the optimum learning environment for our students.

Kitchen Garden is a program that we are proud of facilitating a knowledge of healthy eating and the joy of growing our own produce. In 2021 our students produced a cookbook of favourite recipes.

Nurturing and educating children is seen as a shared responsibility between home and school, with Skye Primary School building strong relationships with our community and working closely with parents and carers as active partners in their child's schooling and education.

At Skye Primary School we aim to provide stimulating learning programs in a purposeful and caring environment that enable every student to realise their full potential. In doing so we foster a learning environment rich in values, with our students provided with the opportunity and support to develop confidence and self-esteem within a flexible, happy and positive school environment, building core values of Respect, Relationships, Resilience and Responsibility.

Our main aim is to foster in students the qualities and skills that will enable them to adapt to an ever-changing world.

## School values, vision and mission

### VALUES

Skye Primary School values **Respect, Resilience, Relationships** and **Responsibility**. Our students are encouraged to apply these in their everyday actions.

At Skye Primary School we show **respect** and care about the feelings and rights of others by using manners, allowing teachers to teach and others to learn, treating others with kindness, listening attentively and accepting ourselves for who we are.

We are **resilient** and work through challenges effectively. We are persistent and never give up, know it is ok to make a mistake, use a range of strategies to problem solve, face challenges with a positive attitude and move forward when things don't go our way.

We create and maintain positive **relationships** by including others, cooperating, solving problems in a positive manner and appreciating other's differences.

We take **responsibility** for our learning, behaviour and school environment. We take care of ourselves and our belongings and look after our learning environment and the school yard. We can be trusted to make good choices because we are in charge of our choices and know that they can impact others.

## 3. Student behavioural expectations and management

Behavioural expectations of students, staff and families are grounded in our school's Statement of Values. Student bullying behaviour will be responded to consistently with Skye Primary School's Bullying policy.

When a student acts in breach of the behaviour standards of our school community Skye Primary School will institute a staged response, consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the appropriate consequences will be actioned by teachers and other school staff.

Our school considers, explores and implement positive and non-punitive interventions to support student behaviour before considering disciplinary measures.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

### **Disciplinary measures that may be applied include:**
