## Statement of commitment to child safety

Skye Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences. Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

The responsibilities of the child safety champions are outlined at [Guidance for child safety champions](#).

Our principal and child safety champions are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- Cherie Bradley and Belinda Schodde – child safety champions are responsible for monitoring the school's compliance with the Child Safety Policy. Anyone in our school community should approach Cherie Bradley and Belinda Schodde if they have any concerns about the school's compliance with the Child Safety Policy
- the principal is responsible for informing the school community about this policy, and making it publicly available
- other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our school has also established a Child Safety and Wellbeing Team. The Child Safety and Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing.

Our child safety champions monitor the Child Safety Risk Register.

## Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct <https://skyeps.vic.edu.au/> also includes processes to report inappropriate behaviour.

## Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

## Promote a culture of online and physical safety for all students

- supervise students properly in all settings, including the playground, excursions and camps
- give particular attention to the safety, diverse needs and vulnerabilities of students in each activity or setting. Consider whether there are any barriers that might prevent students from raising concerns
- inform students and their families about appropriate use of the school's technology, safety tools and how to seek help and report concerns including cyberbullying and online grooming
- keep up to date with current online safety issues and expert information from specialist government and non-government bodies including the Office of the e-Safety Commissioner, and eSmart Schools
- promote activities in the school community that connect schools and communities and raise awareness to prevent bullying and violence (e.g. National Day of Action against Bullying and Violence)
- create a respectful, sensitive and safe environment for people who may be experiencing family violence enabling a young person to feel comfortable to talk about their experience and seek support.

## Establishing a culturally safe environment

At Skye Primary School we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

Actively support a child or student's ability to express their culture and enjoy their cultural rights in the following ways:

- equip staff, students, volunteers and the school community to acknowledge and appreciate the strengths of Aboriginal culture and understand its importance to the wellbeing and safety of Aboriginal children and students

- adopt measures to ensure racism is identified, confronted and not tolerated
- address any instances of racism within the school environment with appropriate consequences
- actively support participation and inclusion in the school by Aboriginal children, students and their families
- ensure school policies, procedures, systems and processes together create a culturally safe and inclusive environment and meet the needs of Aboriginal children, students and their families.

### Building a strong school culture to support cultural inclusion

- begin events and meetings with a Welcome to Country or an Acknowledgement of Country as a standing agenda item. Use this as an opportunity to pause and reflect or open a discussion
- fly the Aboriginal and Torres Strait Islander flags on school grounds
- display plaques and signs to Acknowledge Country and Traditional Owners
- make Aboriginal voice part of decision making in matters that affect Aboriginal students. Be open to different ways of doing and expressing things
- celebrate the local Aboriginal community in communications with students, staff, volunteers and families. Share information through school newsletters, school assemblies, parent information nights
- promote inclusion for all Aboriginal students and their families. Learn more about Aboriginal histories and cultures, both locally and across Australia. Speak with respect and confidence about Aboriginal culture, knowledge systems and people
- build schoolwide knowledge of Aboriginal histories, cultures, perspectives, values, skills and attitudes.

### Providing a welcoming environment for Aboriginal children

- acknowledge and draw on the existing knowledge of Aboriginal students and their families.
- ask for feedback from Aboriginal students and their families about what the school does well, and what can be improved
- implement the [Koorie Education Policy](#) to create a learning environment for all students that acknowledges, respects and values Aboriginal cultures and identities (Government schools)
- use [Koorie Engagement Support Officers](#) (KESOs) to provide advice to government schools about creating culturally inclusive learning environments.
- use the [Marrung Aboriginal Education Plan 2016–2026](#) to guide the school’s support for Aboriginal self-determination

### Student empowerment

To support child safety and wellbeing at Skye Primary School we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging, implementing our whole school approach to Respectful Relationships, our student Code of Conduct and our school values.

We inform students of their rights through our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at school reception.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant’s account and take them seriously, check our understanding of the

complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

### **Family engagement**

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Skye Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- the school will seek input from families and the community, through the parent portal, school website, newsletters, other communications, school council, subcommittees of school council, student, staff, and parent meetings
- all of our child safety policies and procedures are available for students and parents at <https://skyeps.vic.edu.au/> and in hard copy format from reception
- newsletters and central notification will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety
- PROTECT Child Safety posters will be displayed across the school.

### **Diversity and equity**

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence
- international students
- children and young people who identify as LGBTIQ+.

Our Student Wellbeing and Engagement Policy <https://skyeps.vic.edu.au/> provides more information about the measures we have in place to support diversity and equity.

### **Suitable staff and volunteers**

At Skye Primary School we apply robust child safe recruitment, induction, training, and supervision practices to ensure that all staff, contractors, and volunteers are suitable to work with children.

### **Staff recruitment**

When recruiting staff, we follow the Department of Education and Training's recruitment policies and guidelines, available on the Policy and Advisory Library (PAL) at:

- [Recruitment in Schools](#)
- [Suitability for Employment Checks](#)
- [School Council Employment](#)
- [Contractor OHS Management.](#)

When engaging staff to perform child-related work, we:

- sight, verify and record the person's Working with Children clearance or equivalent background check such as a Victorian teaching registration
- collect and record:
  - proof of the person's identity and any professional or other qualifications
  - the person's history of working with children
  - references that address suitability for the job and working with children.

### Staff induction

All newly appointed staff will be expected to participate in our child safety and wellbeing induction program. The program will include a focus on:

- the Child Safety Policy (this document)

- the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures and
- any other child safety information that school leadership considers appropriate to the nature of the role.

### Ongoing supervision and management of staff

All staff engaged in child-connected work will be supervised appropriately to ensure that their behaviour towards children is safe and appropriate.

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work. This will be done by regular performance reviews.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and department policies and our legal obligations. Child safety and wellbeing will be paramount.

### Suitability of volunteers

All volunteers are required to comply with our Volunteers Policy <https://skypeps.vic.edu.au/> which describes how we assess the suitability of prospective volunteers and outlines expectations in relation to child safety and wellbeing induction and training, and supervision and management.

### Child safety knowledge, skills and awareness

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

- our school's child safety and wellbeing policies, procedures, codes, and practices

- responding effectively to issues of child safety and wellbeing and supporting colleagues who disclose harm
- how to build culturally safe environments for children and students
- information sharing and recordkeeping obligations
- how to identify and mitigate child safety and wellbeing risks in the school environment.

Other professional learning and training on child safety and wellbeing, for example, training for our volunteers, will be tailored to specific roles and responsibilities and any identified or emerging needs or issues.

### School council training and education

To ensure our school council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained at least annually. Training includes guidance on:

- individual and collective obligations and responsibilities for implementing the Child Safe Standards and managing the risk of child abuse
- child safety and wellbeing risks in our school environment
- Skye Primary School child safety policy, procedures, codes and practices.

### Complaints and reporting processes

Skye Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. The Complaints Policy can be found at [Complaints and Concerns](#)

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures [Child Safe Responding and reporting](#). Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our Student Wellbeing and Engagement Policy [Wellbeing and Engagement](#) and Bullying Prevention Policy [bullying prevention](#) cover complaints and concerns relating to student physical violence or other harmful behaviours.

### Communications

Skye Primary School is committed to communicating our child safety strategies to the school community through:
